

Access Statement

Woodlands Family Theme Park

This document is available in large print

We look forward to welcoming you. If you have any queries or require any assistance please phone 01803 712598 or email fun@woodlandspark.com

Introduction

- Woodlands Family Theme Park is located in the beautiful South Hams area of Devon, just 5 miles from Dartmouth and 9 miles from Totnes. Woodlands is located in 100 acres of rolling landscape.
- Woodlands Family Theme Park is in a naturally hilly location.
- All Woodlands staff are committed to making your visit with us enjoyable and trouble free and are always willing to help. Should you require any assistance at any time please ask a member of staff.
- This document has been designed to give an overview of our services and facilities. This needs to be read in conjunction with the park guide, the Woodlands Safety Code (See Page 23 & 24) and the safety information at each ride. Some of our rides and attractions are strenuous and exciting and require the rider to be physically fit. It is essential on some rides/attractions that the riders fully understand what is required of them. We may need to refuse entry for an individual to a ride if we feel that there is a danger to that individual or to any other person.
- We have tried to be as accurate as possible and include as much detail as we can in this statement. We are always willing to give information on any aspect of the park. If this statement does not answer your specific question, please let us know and we will endeavor to answer your question and amend this statement for future use.

Pre-Arrival

- We offer a postal service, email and textphone. Our Reception team always accepts Type Talk calls.
- Our Access Statement, facilities opening times and menus are available in large print.
- Assistance dogs are welcome at Woodlands. There is a dog walk area where dogs can run free. Please pick up any dog waste and place in the bins.
- The Stagecoach 92 bus stop is located at the site entrance, this service runs between Dartmouth and Totnes. Woodlands is a designated stop on this route. At Totnes you can connect to local and national bus and train services to Paignton, Torquay, Ivybridge, Plymouth and Newton Abbot.
- Totnes based Happy Cabby Taxis have vehicles with wheelchair access, these can be pre-booked on 01803 559292 or 07979 044146 or steve@happycabby.net
- The nearest Shop Mobility is at Brixham c/o Barclays Bank in the Central Car Park. Tel: 01803 858304, address: 38 Fore St, Brixham TQ5 8EA.
- Wheelchairs can be hired from St Johns Ambulance based in Dartmouth who can arrange delivery and collections to Woodlands, they can be contacted on 07815 852737 or 01803 835818.

Car Parking

- As you drive into Woodlands, signs direct you to the car park and to disabled parking.
- The car park surface is hardcore. Tarmac paths lead from the car park to the entrance kiosks.

Entrance Kiosks

- Entry to the Park is past the entrance kiosks.
- The entry passage is 1200mm wide.
- The entry kiosk desk is 1100mm high.
- The entry kiosk staff will assist and a clip board is available if required.
- On entry, you will be given a park guide with site map to assist you.
- There is a special discounted price for disabled visitors.

Reception

- There is a path either side of the reception building suitable for wheelchairs and pushchairs, avoiding steps.

- The shop has level slip resistant Altro flooring.
- There is room to manoeuvre a wheelchair or pushchair.
- Merchandise is displayed at all levels and staff can give assistance if required.
- The shop counter is 900mm high.
- Background music is not played.

The Theme Park

Paths

- Woodlands Family Theme Park is in a naturally hilly location.
- On entry to the park customers are given a site map. There are also signs strategically placed to help customers navigate around the park.
- Signs provide information on the best routes to take to avoid steeper hills, however, wheelchair users would need a strong pusher to assist on the slopes.
- Paths to most attractions are tarmac or concrete. The exceptions to this are the Zip slides, Golden Pond, Becky's Pool and the Deer Hide which are accessed via hardcore paths.
- All areas of the park are accessible without the use of steps.
- Seating is positioned at intervals throughout the park.

The Easter Grotto

- There is level entry.
- There are 2 doors, the entrance door is 1480mm wide and the exit door is 960mm wide.
- The flooring is made of concrete.
- There are 9 small rooms in the Grotto. At Easter time, the Grotto depicts the Easter Bunny's house with relevant decoration and theming. People entering the Grotto need to be prepared for exciting and surprising occurrences.
- There are many sensory experiences such as bright lighting, low lighting, coloured lighting, lights flashing on and off, smoke, sensor activated features, unexpected noises, seasonal music playing, etc.
- There is access for wheelchairs but not for pushchairs.
- Large electric wheelchairs and mobility scooters are not permitted into the attraction, due to reasons of access.

The Christmas Grotto

- Visitors cross a wide bridge connecting to Empire of the Sea Dragon first floor. There is a tarmac pathway with an incline leading to the entry.
- There are double doors for the entrance and exit.
- The flooring is made of concrete.
- There are multiple small rooms in the Grotto. Each room depicts part of the North Pole or Santa's workshop. Some rooms include animatronics. People entering the Grotto need to be prepared for exciting and surprising occurrences.
- There are many sensory experiences such as bright lighting, low lighting, coloured lighting, lights flashing on and off, smoke, artificial snow falling, sensor activated features, unexpected noises, seasonal music playing, etc.
- There is access for wheelchairs but not for pushchairs.
- Large electric wheelchairs and mobility scooters are not permitted into the attraction, due to reasons of access.
- There is a train ride within the grotto which requires guests to be seated for. There is a door guests can use to avoid the train if they cannot ride the attraction.

The Picnic Patio

- This is a paved area with picnic tables in front of the Gift Shop.
- There are 4 possible entrances to the picnic patio. 2 gently sloping ramps 1000mm wide or down 9 steps from the Coffee Bean or up 6 steps from a tarmac path.
- There is ample room to manoeuvre a wheelchair and pushchair.

The Entertainers' Lawn and Stage

- There is level entry.
- This is an outdoor area.
- The audience can view the entertainer from paved seating, sloping grass or level tarmac.

Empire of the Sea Dragon

- The Empire of the Sea Dragon building can be entered over a bridge, covered in a slip resistant surface, through automatic sliding doors 1400mm wide onto the 1st floor. Alternatively, the building can be entered at ground level below the bridge through a door 1700mm wide. Both entrances are level. They are sign posted and shown on the site map.
- On the 1st floor there is a café (Rays Diner) with tables and chairs and toilet facilities. See details for WC's and Cafés.
- There are stairs with slip resistant checker plate treads and hand rails leading up to a picnic floor, where there are tables and chairs.
- There are stairs with slip resistant checker plate treads and hand rails leading down to the play areas and rides on the ground floor. On that floor, there are also tables and chairs as well as the play equipment and rides. This floor can also be reached via an outside tarmac slope.
- On the ground and first floors there is access and room to manoeuvre a wheelchair or pushchair.
- All of the floors in the Empire of the Sea Dragon building are covered in short pile carpet.

The Adventure Play Area (in the Empire of the Sea Dragon)

- There is level entry.
- The Adventure area is on 5 levels.
- It includes: tube slides, drop slides, mazes, tube tunnels and rope bridges.
- Wheelchair access is on the ground floor only.
- There is ample room to manoeuvre a wheelchair.
- The floors are covered in short pile carpet.

The Ice Palace (in the Empire of the Sea Dragon)

- This soft play area is on 3 levels.
- It includes: slides, mazes, tube tunnels and rope bridges.
- The floors are covered in soft padding.
- Transfer is required from a wheelchair for access.

Submarine Ride (in the Empire of the Sea Dragon)

- There is a 10mm stepped threshold entry into the ride through a gate 650mm wide.
- Transfer would be required into a submarine gondola from a wheelchair.

Trauma Tower (in the Empire of the Sea Dragon)

- The queuing route is 700mm wide with hand rails 1100mm high.
- The entry gate is 1000mm wide.
- There is a step 200mm high onto slip resistant checker plate.
- Transfer would be required into a Trauma Tower seat from a wheelchair.

Ferris Wheel (in the Empire of the Sea Dragon)

- The queuing route is 900mm wide.
- The entry gate is 700mm wide.
- There are 7 steps 210mm high down to and up from the loading and unloading area.
- Transfer would be required into a Ferris Wheel gondola from a wheelchair.

Rocking Tug Boat (outside the Empire of the Sea Dragon)

- The queuing route is 2000mm wide and is a level tarmac area.
- The entry gate is 900mm wide.
- There is a slope up to the loading area of slip resistant rubber matting on wooden decking.
- The loading area is level and has a slip resistant surface.
- Transfer would be required into the tug boat from a wheelchair.

The Seascape Mirror Maze

- There is level entry.
- Pushchairs are restricted from entering the mirror maze.
- There is room to manoeuvre a wheelchair.
- The floor is covered in short pile carpet.
- The narrowest point of the maze is 830mm wide.
- The lights are low.
- There are flashing lights.
- The mirror maze is not suitable for customer with photo sensitive epilepsy.

Swingship

- This is an outdoor ride.
- The queuing route is level and is 1100mm wide with hand rails 1100mm high.
- The entry gate is 800mm wide.
- The flooring is slip resistant checker plate.
- There is ample room to manoeuvre a wheelchair.
- Transfer would be required into the Swingship from a wheelchair.

Bumper Boats

- This is an outdoor ride.
- The queuing route is level and is 970mm wide with hand rails 1110mm high.

- The entry gate is 870mm wide.
- The flooring is slip resistant checker plate and concrete.
- There is ample room to manoeuvre a wheelchair.
- Transfer would be required into a bumper boat from a wheelchair.

Vertigo

- This is an outdoor ride.
- The queuing route is level and is 900mm wide.
- The entry gate is 830mm wide.
- The flooring is tarmac.
- There is ample room to manoeuvre a wheelchair.
- Transfer would be required onto the Vertigo seat from a wheelchair.

Safari Adventure Golf

- This is an outdoor play area.
- This attraction is not suitable for pushchairs or wheelchairs.
- This is an 18-hole crazy golf course.
- The course is on a sloped area and has many steps and obstacles.
- The course is covered in astro-turf with tarmac paths.
- The course is 300m long.

The Jumping Pillow

- This is an outdoor inflated rubber bouncing play area.
- The attraction is not suitable for pushchairs or wheelchairs.
- The entry gate is 175cm wide.

The Farmyard Ride

- This is an outdoor ride.
- There is level entry.
- The queuing route is level and is 900mm wide
- The entry gate is 950mm wide.
- The flooring is concrete.
- The rider needs to be able to hold on.
- There is ample room to manoeuvre a wheelchair.
- Transfer would be required onto the Tractor ride from a wheel chair.

Mermaid Ball Pool/ Toddler Play

- This is an outdoor play area.
- The ground is covered in woodchip, a non-hard surface.
- There is a slide, seesaw and rocking dolphins to sit on.
- There are picnic benches.

Pedal Town

- This is an outdoor play area.
- The entry gate is 900mm wide.

- There is a barrier to step over 350mm high.
- The flooring is concrete.

Paddling Pool

- This is an outdoor play area.
- There is level entry.
- The paddling pool is surrounded by concrete slabs.
- The entry gate is 1000mm wide.
- There is ample room to manoeuvre a wheelchair and pushchair.
- Swim suits must be worn.
- The depth of the pool is 500mm.
- Transfer would be required into the paddling pool from a wheelchair.

Toddlers Play Village

- This is an indoor and outdoor play area.
- The ground is covered in woodchip, a non-hard surface.
- There is a slide, seesaw, swings, 2 level adventure area, ball pool, and rocking sit on rides.
- To gain entry to the Mermaid ball pool there is a step up 350mm from the woodchip to a sloping floor covered in a short pile carpet leading to the ball pool and the indoor play area.

Action Track 1

- This is an outdoor play area.
- The ground is covered in woodchip, a non-hard surface.
- This is an assault course area with the addition of slides requiring agility, strength and balance.
- Access to all the slides involves steps.

Triple Drop Slide

- This is accessed from Action Track 1 from a woodchip surface.
- The entry gate is 1050mm wide.
- There are 3 steps leading to the top of the drop slides.
- There is a barrier 550mm high to climb over to launch yourself down the 6 meter drop slide. At the bottom of the drop slide there is an exit 1000mm wide onto a tarmac path. There is also a sloped passage with a banister rail leading back to the top of the drop slide.
- Apart from on the slide the area has slip resistant Altro flooring.

Smugglers Ball Pool

- This is accessed from Action Track 1 from a woodchip surface.
- The entry gate is 750mm wide.
- There is a step 170mm high into the building.
- The floor is covered in short pile carpet.
- It includes: 3 ball pools, a tube slide and a ladder.

- The walk way on 2 sides of the main ball pool is 1250mm wide with a drop into the ball pool.

The Master Blaster

- There is level entry.
- The entry gate is 1400mm wide.
- The Adventure area is on 3 levels.
- It includes: tube slides, mazes, tube tunnels and rope bridges.
- Wheelchair access is on the ground floor only.
- There is ample room to manoeuvre a wheelchair.
- The floor is covered in short pile carpet.

The Circus Drome

- There is level entry.
- The entry door is 1500mm wide. It is a double door that swings in both directions.
- The entry to the building is in the picnic area.
- There is a staircase leading up to a further picnic area and balcony on a mezzanine level. The staircase has wooden treads with slip resistant strips.
- There is another entrance, 1500mm wide with 60mm step threshold, to the mezzanine level.
- The floor is covered in short pile carpet on the mezzanine and ground floor levels.
- There is ample room to manoeuvre a wheelchair and pushchair on the mezzanine and ground floor levels.
- The ground floor picnic area opens up into the play area.

Bouncy Castle (in Circus Drome)

- Transfer would be required onto the bouncy castle from a wheelchair.
- There is ample room to manoeuvre a wheelchair or pushchair.

Big Top Soft Play (in Circus Drome)

- This soft play area is on 2 levels.
- It includes: slides, tube tunnels and a ball pool.
- The floors are covered in soft padding.
- Transfer is required from a wheelchair for access.
- There is ample room to manoeuvre a wheelchair or pushchair at the gate.

Acrobat Challenge (in Circus Drome)

- The area is on 3 levels.
- It includes: tube slides, tube tunnels, a ballpool and rope bridges.
- Wheelchair access is on the ground floor only.
- There is ample room to manoeuvre a wheelchair or pushchair.
- The floors are covered in short pile carpet.

Polar Pilots

- This is an outdoor ride.
- There is level entry into the ride through a gate 800mm wide.

- There is ample room to manoeuvre a wheelchair.
- Transfer would be required into a polar pilot seat.
- The ground is tarmac.

Arctic Gliders

- This is an outdoor ride.
- There is level entry into the ride through a gate 730mm wide.
- The ground is covered in astro turf.
- There is ample room to manoeuvre a wheelchair.
- Transfer would be required onto a sledge.
- The rider needs to be able to hold on.
- Sledges occasionally do not reach the end of the track, the rider then needs to get off the sledge and walk to the bottom of the ride.
- There is ample room to manoeuvre a wheelchair at the bottom of the ride.
- The exit at the bottom of the ride is through a gate 800mm wide transferring from an astro turf surface onto tarmac.

Avalanche

- This is an outdoor ride.
- The queuing route is level and is 850mm wide with hand rails 1150mm high.
- There is ample room to manoeuvre a wheelchair before the start of the queue.
- The entry gate is 1150mm wide.
- The floor is covered in astro turf on the flat area and slip resistant checker plate on the steep gangway leading up to the ride entrance.
- The loading area floor is slip resistant checker plate.

Woodlands Safety Code

Woodlands Safety Regulations

We consider the safety of all visitors to Woodlands to be of paramount importance. All equipment is designed to meet national Health and Safety standards. The following guidelines, drawn up by Woodlands in liaison with the **HSE** and **BALPPA** are for everyone's safety and are not flexible. **IMPORTANT** – to allow more supervision and to combat inappropriate behaviour, we offer an excellent free leader ratio for groups. Children under 17 years must be supervised at all times.
